Naming Schools and Facilities

New district buildings and facilities will be named after persons who have attained national or local prominence in the fields of education, arts and sciences, politics, military achievements and statesmanship, after past U.S. presidents or Washington national senators or representatives or after the geographic characteristics of the area in which the facility is located.

The board may consider a recommendation from the superintendent to name a district athletic field, playground, building, green space, or facility using additional criteria including, but not limited to, substantial donations to the educational program, contributions to the benefit of the educational program on the part of a staff member or volunteer, and as a memorial to a member of the district community.
