Proposed interim:

Renae Burson

Action Plan:

If the superintendent is to be absent from the district for a short period of time, an acting superintendent will be appointed for the duration of her absence. The superintendent will notify the Leadership Team and the board president of an absence and who has been given the authority of the superintendent during the time away.

If the superintendent is incapacitated, the assistant superintendent or director of Human Resources will contact the board president to develop a plan, including the district Executive Team and Cassi Marshall/Kori Kelly. The full board will be notified immediately after the board president has been contacted. A qualified interim superintendent will be appointed by the board as soon as is practical.

A communication plan will be developed by the board chair, the assistant superintendent and the director of Human Resources that includes the guidance of Les Brown, Jodi Thomas, ESD 112, at 750-7500 (work) or 606-9761 (cell) and Rene' Carroll at 360-607-5990 (cell). The communication plan will include immediate notification of the central office staff, district Leadership Team, and district staff prior to contact of the media.

Executive Team members will adjust their work calendars as needed to assume the superintendent's duties associated with district operations, leadership supervision, policy management, and board operations.

The Executive Team will identify what additional assistance or staff is needed by the district during the emergency period of time when the district is without a superintendent, and this will be communicated to the board president.

The board president will contact WSSDA to communicate the need to secure interim superintendent leadership until a regular superintendent can be hired to the position through a process designed by the school board of directors.
