**C. Comments-Board of Directors and Administrators**

Cory Chase recently attended the Washington State School Directors' Association (WSSDA) Annual Conference, including the Law Conference on the day before the regular conference. This was a good opportunity to hear informative speakers and receive updates about school-related law.

Elaine Pfeifer thanked outgoing board member Jaron Barney for his service on the board. She appreciates his impartial and balanced approach to discussions and found his educational experience to be very valuable to the board.

Jaron Barney also attended the WSSDA Conference, noting that the sessions he attended confirmed for him that the district is on the right track with its work on multi-tiered systems of support to make sure that all students are supported. Washougal's community partnerships are also essential, making sure that basic needs are met for the district's families. Jaron expressed his thanks and appreciation to his fellow board members. He has enjoyed working with this great team, and he's learned a lot. He is looking forward to supporting the district in any way he can. Jaron thanked Mike Stromme and his staff for the many great things going on in the district.

Ron Dinius thanked Jaron for all he has done for the district, adding that he has been an asset to the board and that his contributions are appreciated.

**D. Superintendent's Update**

Mike Stromme thanked Jaron Barney for stepping into his role as a board member when the community needed him. His experience as a teacher and school administrator have been invaluable and his input and advocacy appreciated. Mike also informed the board and audience that the district recently received notification of a Washington State Arts Commission grant award of \$60,000 for the new Jemtegaard Middle School and Columbia River Gorge Elementary School site. A phenomenal team has been assembled to work toward the selection of the new art. Mike introduced Greg Parthemer, with PAE Engineers (and also a district parent). Greg introduced several individuals who worked on energy efficiency improvements on the new school buildings. Bill Hibbs, with Clark Public Utilities, presented a check for \$21,999.24 for incentives related to the efficient lighting upgrades installed in the new buildings. The board thanked all involved for the valuable efficiency work completed for the district.

**E. Comments-Citizens**

Dan Durringer spoke to make the board aware that Clark County Councilors are reconsidering a position regarding marijuana in the county. They will be holding a work session on December 13 at 10:00 a.m. Dan is a 20-year employee at Camas schools, working with kids for a long time. He expressed concerns related to marijuana becoming more of a problem if it becomes normalized in society. He explained the county's revenue dilemma related to marijuana taxes, as well as the county's obligation to provide health care related to addiction. Dan would like to see local districts voice opposition to the promotion of this drug, since this advocacy can have tremendous impact on the decisions made around the issue. Mike Stromme asked Dan to continue to send him email updates about the issue, so that the district can remain informed.
