INTRODUCING ONLINE STUDENT MEAL PLAN PAYMENTS/BALANCES

As a convenience to parents, the Washougal School District is excited to announce that parents can now add money to their child's school food service account online through the **WESPac Family Access** parent portal they currently use.

Online Payments Are Currently Being Accepted

Parents can make payments online while on their home or work computer, any time of the day. If their child's food service balance is low, it only takes a few minutes to add money to it using their VISA/MasterCard credit or debit card. Payments are made through the student's **WESPac Family Access** account.

To Make Online Payments the parent will need:

- **MasterCard or VISA (Debit, Credit or Check Card)** – card number & expiration date
- **WESPac Family Access Login and Password**

Payments made through Family Access will immediately be posted to the student's food service account. All credit card statements will show the payment has been made to PayOurSchool.com. A flat transaction fee of \$1.15 will be charged to your card for the use of this service.

Looking Ahead

PayOurSchool.com allows expansion of the web store. Right now the choice of products will be limited to the food service account but the district may evaluate the response from parents and the efficiencies of the payment methods for the district. If these products work well, the district may expand the payment offerings on the web store to include fees such as yearbooks, field trips, activities and similar types of fees.
