

## Drug-Free Schools, Community and Workplace

The “workplace” includes any district building or any district property; any district-owned vehicle or any other district-approved vehicle used to transport students to and from school or school activities; and off district property during any school-sponsored or school-approved activity, event or function, such as a field trip or athletic event, where students are under the jurisdiction of the district which could also include work on a federal grant.

If the use of a medication could compromise the safety of the staff member, other staff members, students or the public, it is the staff member’s responsibility to use appropriate personnel procedures (e.g., use leave, request change of duty, or notify his/her supervisor of potential side effects) to avoid unsafe workplace practices. If a staff member notifies his/her supervisor that the use of medication could compromise the safe performance of his/her job, the supervisor, in conjunction with the district office, then will determine whether the staff member can remain at work and whether any work restrictions will be necessary.

As a condition of employment, each employee will notify his or her supervisor of a conviction under any criminal drug statute violation occurring in the workplace as defined above. Such

notification will be provided no later than five (5) days after such conviction. The district will inform the federal government within ten (10) days of such conviction, regardless of the source of the information.

### **Disciplinary Action**

Each employee will be notified of the district's policy and procedures regarding employee drug activity at work.
