

Architect and Engineering Services

When considering the acquisition of architectural and engineering services the board of directors will issue a notice in publication(s) of general circulation stating the general scope and nature of project(s) for which services are required. Effort will be made to inform firms who employ minorities and/or women.

Interested firms will be requested to submit a statement of qualifications and performance data to enable the board to determine which architectural or engineering firm will best serve the needs of the district. Criteria for selection of a firm will include, but not be limited to, quality and breadth of staff, design of similar projects, production capability, supervision and quality control, relationship with clients, cost estimates and budget control.

The superintendent is directed to establish necessary procedures to solicit and screen qualified engineers and architects. The superintendent will recommend one or more firms to the board for its consideration. The board and the successful architectural or engineering firm will enter into a contract for the necessary services. In the event of an emergency, the board may waive this selection process and secure such services as needed.

Architect and Engineering Services

Selection of Architects or Engineers

When architectural and engineering services are required by the district, the following procedures will be in effect:

- A. Announcement for professional services will be sent to professional and community publications as well as to publications specifically oriented toward minority and women owned firms. The announcement will specify:
 1. The general nature and scope of the project(s);
 2. The district representative to contact for further details; and
 3. The deadline for submission of letter of interest.
- B. Each interested architect and/or engineer will be advised to submit a resume which includes as a minimum:
 1. Description of professional staff and respective roles for each;
 2. List of projects completed during the past two years and contact person;
 3. Status of current contract;
 4. Description of typical site supervision;
 5. References — bank, bonding company, three clients; and
 6. Exhibits of cost estimates for two most recent projects.
- C. Applicants will be screened by selected staff to identify firms to be interviewed;
- D. Applicants will be interviewed by a committee composed of the superintendent, supervisor of maintenance and a building principal;
- E. The superintendent will enter into negotiations with the firm(s) to establish a professional services fee which is fair and reasonable. If the superintendent is unable to negotiate a satisfactory contract, the next highest ranked firm will be contacted; and
- F. The tentative contract will be referred to the board as a recommendation.
